

1010W Compact Precision Plunge Router

JOF001

Completing Triton's range of award-winning professional routers is the JOF001 Compact Precision Plunge Router. Light and exceptionally compact in design, the JOF001 is the ideal machine for freehand work. With automatic spindle lock for one-handed bit changes, and micro winder for continuous fine depth adjustment through the full plunge range, this compact precision router incorporates many of the award-winning features of its bigger brothers - TRA001 and MOF001. Quick-fit pins enable fast fitment and removal from the Triton RTA300 Router Table and the above-the-table height winder allow quick and easy fine-tuning of depth setting when the router is table-mounted. Ideal for hand-held use, the soft start enables complete control whilst the machine powers up, and variable speed ensures the perfect speed is available for all cutter types.

- Compact 1010W / 1-1/2hp electronically controlled motor
